ABOUT ME

I am a versatile, accomplished, and highly qualified creative professional with over **13 years** of experience in **Architecture and Digital Architecture**. I possess expertise in utilizing the latest technologies. I thrive in fast-paced environments, adept at managing multiple projects simultaneously while meeting tight deadlines. Proficient in a wide array of software and 3D printing.

EDUCATION

Bharath Institute of higher education and research 2005 – 2010
B.Arch (Bachelor of Architecture)
Registered member of the Council of Architecture **CA/2016/75984**

PROFESSIONAL EXPERIENCE

Senior Project Architect	Aujan Interiors	Jan 2024 - Present
Senior Digital Architect	Emaara designs	Dec 2012 - Feb 2016
Interior Designer	My3 Interiors	April 2011 - Oct 2012
Architect & Interior Designer	3Square Interiors	Feb 2010 - Jan 2011

WHAT I HAVE DONE SO FAR

Senior Project Architect
Aujan Interiors (Dubai, UAE) Jan 2024 – Present

- Conceptualized and executed creative interior design solutions that balanced functionality, aesthetics, and client requirements.
- Provided expert advice on materials, finishes, and design trends to enhance project value and gather the necessary architectural site information details and CAD drawings from client.
- Facilitated collaboration between interior design, architectural, and construction teams to optimize project outcomes.
- Documented weekly progress with Matterport LiDAR 3D scanning and 360-degree cameras, creating immersive node-based 360° site views.
- Designed and deployed AR/VR solutions and interactive interior design presentations, elevating client engagement and improving visual communication.
- Managed a team of 3D artists, providing guidance, feedback, and mentorship to foster their professional growth and development and ensure high-quality photo-realistic renders, Walkthrough animation and AR/VR using multiple 3d software's including (3ds max, Sketchup, Twinmotion, Unreal Engine, Unity and Photoshop).

I AM

Interior Designer
Architectural Designer
Wayfinding designer
Interactive AR/VR Designer
3D Designer

MY SOFTWARE SKILLS

Autodesk 3ds max (3d rendering)
Autodesk AutoCAD (2d Drawings)
Google Sketchup (3d modeling)
Autodesk Revit
Unreal Engine (Interactive)
Adobe Photoshop (Photo editing)
Twin Motion (Walkthrough)
Lumion (Walkthrough)
Adobe Premier Pro (Video)
Adobe XD (UI/UX Design)
WordPress (Web Designing)
Unity Engine (AR / Web 3D)
Cura Slicer (3d Printing)
Android Studio (App Development)

Senior Digital Architect

Nearbuy Group (Dubai, UAE)

Dec 2016 – Dec 2023

- Strong wayfinding planning experience including conducting research, building user-profiles, developing wayfinding strategies and documenting design solutions.
- Create realistic and detailed 3d models using multiple 3d software's as well as produce low mesh game level rendering objects, which can reduce the rendering time and increase the high performance of the wayfinding engine.
- Manage CMS (content management system) adding cell ids, logos, storefront in pictures and update the project remotely.
- Gather the required architectural shop details and cad drawings from client.
- Create conceptual design and presentation to get the approval from client.
- Manage the operation team project from start to end process and lead the team towards progressive state in the project assigned
- Connect the routes to the point of interest using the conventional editor.
- Design the wayfinding mall interactive kiosks and shop kiosk design to implement the kiosk as drag and drop model for the editor.
- Edit and change the way finder skin UI and UX using HTML and CSS.

Interior Designer

My3 Interiors (Dubai, UAE)

April 2011 – Oct 2015

- Submission of drawings and getting approvals / work permits from the concerned authorities.
- Preparation of BOQ, cost estimation, interior 3d model, and submission drawing.
- Develop the project from schematic level to final handover to the client and lead the team towards progressive state in the project assigned.
- Quality inspection and cost control during the execution of site works.
- Responsible for coordination with the subcontractors for all FF&E items as well as fit-out works and inspecting the furniture in the factory made by the sub-contractors.
- Captured and transformed leads into viable business opportunities, continually monitoring and assessing subsequent growth.
- Sprint Concept Realization Center Overland Park, Kansas Designed a high-tech marketing department to promote specialty products to potential clients
- Inspecting the execution through a regular site visit, coordinating with site staff regularly and whenever a critical design issue is to be resolved on-site and providing all necessary details required by the site engineer.

Architect & Interior Designer

3Square Interiors (Dubai, UAE)

Feb 2010 – Jan 2011

- Generate clear ideas and concepts in tandem with the copywriter.
- Produce sketches, storyboard and rough to visualize ideas.
- Develop the project from schematic level to final handover to the client, Lead the team towards the progressive state in the project assigned.
- Quality inspection and control during the execution of site work.
- Strong portfolio of completed projects, technical skills, and attention to detail.
- Manage and delegate responsibilities to other designers and provide directions.
- Managed and led a multi-disciplinary team throughout the development and contract document phases.
- Strong knowledge of building codes, zoning laws, and construction methods and materials.
